Notes

This list is not definitive and may be subject to change.

* These festivals each award a Prix UIP, which includes an automatic nomination in the short film category of the European Film Awards.

‡ Films accepted into these festivals (including student films) are eligible for consideration for BAFTA and/or American Academy Awards.

^{VR} These festivals all have a dedicated strand for Virtual Reality projects. The makers of UK VR projects in these strands may apply for Travel Grants to attend these festivals.

'(A)' Denotes a festival considered a top priority for filmmaker attendance by the British Council (i.e. where a travel grant can provide best value for money and maximum opportunities for showcasing and professional development)

'(B)' Denotes a festival with strong international reputation but where the programme is more generalised, less industry focused, or provides less opportunity for showcasing on an international stage. These festivals will be considered but are a secondary priority for support.
