Notes

This list is not definitive and may be subject to change.

‘(A)’ Denotes a festival considered a top priority for filmmaker attendance by the British Council (i.e. where a travel grant can provide best value for money and maximum opportunities for showcasing and professional development). These are priority 1 for the fund.

‘(B)’ Denotes a festival with strong international reputation but provides less opportunity for showcasing on an international stage. These are priority 2 for the fund.

From 2017 we have a fund to support VR projects to travel via the Travel Grant Fund. We prioritise those festivals marked VR on this list, but accept applications for travel to all of the Key Festivals.

If you have specific access needs please talk to us about what additional help may be available to Travel Grant recipients – for example additional funds to facilitate travel with a BSL interpreter or access worker.

WHAT UK FILMMAKERS SAY ABOUT INTERNATIONAL FESTIVALS

“I made several important connections across disciplines, broadcasters, distributors, festivals. The NY Times invited me to have a meeting with them to discuss being involved in my project”

“I made a lot of professional contacts and it helped my understanding of this context enormously. I'm also confident that it was really critical to letting a very international audience see an example of my work, which should have lasting positive outcomes”

“Other animation festivals are showing an interest in my work resulting from the screenings in Annecy. Quite suddenly I seem to be on the radar”
